

LIBERTY SWING

Liberty Swing WHEELCHAIR SWING FOR PEOPLE WITH DISABILITIES

Dear Sir/Madam

I am the distributor of the Liberty Swing – a unique and exciting wheelchair swing for children with disabilities that has been very successfully established in parks and playgrounds throughout Australia and New Zealand, and is currently being introduced into North America.

This is the first swing designed for use in both public parks and private facilities such as camps, hospitals and respite centres, which is able to meet the special needs of children with disabilities. The recreational and therapeutic benefits of using the Liberty Swing are countless. The swing meets the rigorous safety standards required for public playgrounds, and features a secure locking device for when it's not in use.

There are already Liberty Swings installed at such locations as:

- Henry Viscardi School, Long Island, New York
- Cradle Beach Camp, Angola, New York
- Loudon Elementary School, Knoxville, Tennessee
- Liberty Park, Knoxville, Tennessee
- Kloss Park, Elk Grove CSD, California
- Swann Special Care Centre, Champaign, Illinois

And many more planned!

You can be amongst the first in your community to offer this wonderful opportunity for the special needs children in your area. For more information, visit our website at www.libertyswing.com.au or email me by return email and I will personally respond.

Kind regards

Robert Devine
